To the Director U. S. Mint, Philada —

D.r Sir,

This evening I was quite surprised to have pointed out a capital "I" near the neck of the head on the "One Cent" pieces. Will you please let me know the meaning of it, — the initials on the silver coins and the "M" on the Legal Dollar, I understand, but not this. With thanks in advance for your trouble — Yours respy Geo. H. Van Meter

D. Sir,

This morning I was quite surprise to have pointed out a capital "L" near the neck of the head on the "One Cent" pieces. Will you please let me know the meaning of it, - the initials on the silver coins and the "M" on the Legal Dollar, I understand, but not this. With thanks in advance for your trouble.

Yours resp'y,
Geo. H. Van Meter
